

F/LIST® WOOD FLOORING

F/LIST® real Wood Flooring is an innovative alternative to the commonly used carpet in aircraft cabins. The high-quality woods, treated with a state of the art top coat, make aircraft interiors feel upscale and homely. The semi-gloss F/LIST® Wood Flooring can be installed in any aircraft, and is available with a customized tiling concept in a wide range of wood veneers according to REACH regulation (EG 1907/2006). All variants of F/LIST® Wood Flooring can be installed with integrated heating and furnished with custom engravings.

It meets all applicable certification requirements, such as flammability and slip resistance. Additionally, a very stringent qualification program ensures that F/LIST® Wood Flooring exceeds the most demanding customer expectations.
