

# F/LIST® STONE FLOORING

The F/LIST® Stone Flooring offers the beauty and durability of real stone without the weight of full-sized stone slabs. The possibility of equipping an aircraft cabin with a stone floor is an outstanding innovation developed by F/LIST, which adds an elegant and luxurious appearance to the cabin interior.

The lightweight panel substructure with a 2.5 mm [0.10"] layer of granite or marble is available in various colors and with a customized tiling concept. All variants of F/LIST® Stone Flooring can be installed with integrated heating and furnished with custom engravings

The F/LIST® Stone Flooring meets all applicable certification requirements, such as flammability and slip resistance. A very stringent qualification program ensures that F/LIST® Stone Flooring exceeds the most demanding customer expectations.
