

# F/LIST® WOOD FLOORING

F/LIST® WOOD FLOORING is an innovative alternative to the commonly used carpet in aircraft cabins. The high-quality woods, treated with a state of the art top coat, make aircraft interiors feel upscale and homely. The semi-gloss F/LIST® WOOD FLOORING can be installed in any aircraft, and is available with a customized tiling concept in a wide range of wood veneers according to REACH regulation (EG 1907/2006). All variants of F/LIST® WOOD FLOORING are available with integrated heating, customized engravings, as well as ambient design lighting. This customized contour lighting designed in LED technology emphasizes the luxurious ambience of your aircraft and underscores your personal mood lighting.
