

F/LIST® STONE FLOORING

F/LIST® STONE FLOORING offers the beauty and durability of real stone without the weight of full-sized stone slabs. The possibility of equipping an aircraft cabin with a stone floor is an outstanding innovation developed by F/LIST, which adds an elegant and luxurious appearance to the cabin interior. The lightweight panel substructure with a 2.5 mm [0.10"] layer of granite or marble is available in various colors and with a customized tiling concept. All variants of F/LIST® STONE FLOORING are available with integrated heating, customized engravings, as well as ambient lighting. This customized contour lighting designed in LED technology emphasizes the luxurious ambience of your aircraft and enhances your personal mood lighting.
